“Caring for you, wherever you are”

PRESS RELEASE – 11th March 2010

**GLS Catering & Services awarded catering and services contract
by Atlantic Onshore Services in Iraq**

It gives us great pleasure to announce that we have signed a new catering and services contract with Atlantic Onshore Services (AOS) in Iraq.

Given the size of the project and the volume of work involved in this onshore oil field, AOS has decided to outsource camp service operations so as to enhance the efficiency of site performance. GLS was the successful bidder in the call for tender launched by the company for the provision of catering and services, with the service provider contract being signed between AOS and GLS in March 2010.

The AOS site in Iraq is fully operational 24 hours a day, 7 days a week. Within the framework of the new contract which is due to start in April 2010, GLS Catering & Services will be providing a complete range of solutions including meals, snacks & beverages and laundry, cleaning & housekeeping solutions, thus ensuring that the site employees are well looked after.

Mr Moussa Diomande, CEO of GLS Catering & Services, has expressed his enthusiasm about this new venture, saying “we are delighted at the opportunity of expanding the scope of services that we provide to AOS and are very much looking forward to developing our professional relationship with AOS in the future.”
