ABOUT US

Caring for you wherever you are

Since 1999, we at GLS Catering Services have been active in the catering and services industry, committed to sharing our passion for services and good food.

We are proud to serve our clients whose business activities are based onshore or offshore, in the private sector or the public domain. Since we operate globally, we can deploy our professional and multinational team to your business site, whether it be a bank or in a more demanding environment such as an oil rig, mine or construction site.

In an ever changing world, GLS Catering Services offers a wide range of flexible and tailored solutions to respond to the needs of our highly regarded clients, taking care of their main asset - their employees.

By outsourcing their catering to us, our clients are free to focus on their core business.

We always work in partnership with our clients to deliver the services they deserve at cost effective prices.

Our goal is to go that step further, beyond our clients' expectations, providing a high quality of service for their staff as well as for special corporate events.
